The envelopes must be endorsed clearly with the number, title and closing date of the tender as above.

A two-envelope system will be followed for this bid, i.e. the Functional Proposal must be submitted in a separate sealed envelope and the Financial Proposal must be submitted in another separate sealed envelope clearly marked as such. Bids not clearly marked will not be opened and will therefore not be considered for evaluation. Financial Proposals will only be opened after the completion of the evaluation of the Functional Proposals and only for those Proposals that achieved the minimum qualifying score for the Functional Proposal.

The Preference Point Systems prescribed in the PPPFA and the Preferential Regulations, 2017 are not applicable to the sale and letting of assets, therefore the tender will be awarded to the bidder with the highest price.

The tender box will be emptied just after 12h00 on the closing date as above, hereafter all bids will be opened in public. Late tenders will under no circumstances be accepted.

The Municipality reserves the right to withdraw any invitation to tender and/or to re-advertise or to reject any tender or to accept a part of it. The Municipality does not bind itself to accepting the highest tender.

It is expected of all Bidders who are not yet registered on the Central Supplier Database to register without delay on the prescribed form. The Municipality reserves the right not to award tenders to Bidders who are not registered on the Database
